Tax

Self Assessment - Have you completed your tax return?

WATCH OUR VIDEO

We understand that tax is a hassle and causes an administrative burden.

The answer is simple, let us take the pain away.

We make sure you pay the right amount of tax and take the inconvenience out of preparing everything.

Understanding you

We pride ourselves on communicating in an easy to understand manner with as much or as little detail as you like.

We have seen an increase in practice mergers and acquisitions, virtual law firms are becoming a reality and technology developments are changing the way lawyers work.

We can help you to take advantage of the opportunities this presents for law firms and ensure you stay ahead of the game.

We work with lawyers all day, every day. Whenever you seek our advice, you can be sure that it will always be expert, relevant and up to date.

Helping you achieve your goals

Are you looking for a comprehensive answer to:

- What is my law firm worth?
- How can I increase the value of my business?
- What if I want to retire in 5 or 10 years' time?
- What will we need to borrow to pay a retiring partner?
- What capital should new equity partners contribute?
- How much should we pay to acquire another law firm?
- How do I start my own practice?

We provide you with far more than the conventional compliance-based services offered by other legal accountancy firms.
